with gas prices rising always alternative fuels look like an answer hybrids sound good but what about the batteries and fuel cells still seem to be pie in the sky which leaves us with good old diesel this book shows how to get the most out of the diesel engine at a time when its fuel efficiency is almost as important as its massive torque although most diesel truck owners probably aren't planning to break any land speed records advances in diesel technology such as ultra low sulfur fuel high pressure common rail fuel injection electronic fuel management and variable geometry turbocharging are bringing diesel engines into the performance arena and this book is the ideal guide for making your diesel engine perform adapting intake and exhaust torque converters engine electronics turbochargers and much more

while the first or great english civil war of 1642-6 was largely contested at regional and county level in often hard fought and long lasting local campaigns historians often still

continue to dwell on the well known major battles such as edgehill and naseby and the prominent national leaders to help redress this imbalance to settle the crown waging civil war in shropshire 1642 1648 provides the most detailed bipartisan study published to date of how the war was actually organized and conducted at county level this book examines the practicalities the nuts and bolts of contemporary warfare by reconstructing the war effort of royalists and parliamentarians in shropshire an english county on the borderland of wales a region that witnessed widespread fighting shropshire was contested during the first civil war when it became one of the most heavily garrisoned counties in england and wales and experienced renewed conflict during the second civil war of 1648 based on a doctoral thesis and therefore drawing primarily on contemporary sources revealing much new information to settle the crown examines key aspects of the military history of the english civil wars allegiance and motivation leadership and administration recruitment and the form of armed forces military finance logistics and the nature and conduct of the fighting furthermore while previous studies have tended to concentrate on the parliamentarians the comparatively plentiful evidence from shropshire has allowed the royalist war effort there to be reconstructed in rare detail this book reveals for the first time the extent of military activity in shropshire describing the sieges skirmishes and larger engagements while reflecting on the nature of warfare elsewhere across civil war england and wales in also providing a social context to the military history of the period it explains how royalist and parliamentarian activists set local government on a wartime footing and how the populace generally became involved in the administrative and material tasks of war effort extensively illustrated fully referenced to an extensive bibliography and including a useful review of civil war historiography to settle the crown waging civil war in shropshire 1642 1648 is a significant fresh approach to the military history of the english civil wars

in this book we show the replacement of academic and vocational education which is structured according to subject systems and oriented towards scientific knowledge by vocational action knowledge this work process knowledge is the basis for the acquisition of the design competence of vocational specialists which is becoming increasingly important in the world of work a modern knowledge concept based on vocational education is developed and documented in the first part of the book the concept of vocational knowledge is developed in the second part empirical results from comet projects are documented from which the vocational knowledge imparted in different occupations can be read there has been a confusing discussion about vocational knowledge for decades in 1991 the kmk agreed on a new concept for vocational education and training with the guiding idea of vocational design competence it remained open on which vocational knowledge this new guiding idea should be based up to now there has been no original vocational pedagogical justification for the vocational knowledge on which vocational design competence is based
